PROFILE

As an experienced IT Engineer, I have successfully delivered numerous projects across both front-end and back-end, utilizing a wide range of technologies to create seamless, efficient user experiences and responsive, visually engaging web applications. With a proven track record of delivering high-quality projects on time, I leverage my technical expertise and problem-solving skills to meet and exceed expectations. Committed to continuous learning, I strive to expand my skillset to provide innovative, impactful solutions in IT engineering.

WORK EXPERIENCE

D2 Webtech - surat   **August 2021 - Present | 3 Years**

- Assisted in implementing user interface components and improving user experience across multiple projects, gaining valuable insights into web development.
- Enhanced skills in front-end technologies, teamwork, and problem-solving through hands-on contributions and collaboration with cross-functional teams
